

**Rights and obligation of foreign domestic helpers
and their employers**

Radio API Scripts (in English)

Male Voice-over: Employers and foreign domestic helpers should respect each other and observe their obligations to build a positive and long-lasting relationship.
Employers should pay full wages on time, provide a return air ticket when the contract ends and should not withhold a helper's passport.
Helpers are entitled to one rest day per week, statutory holidays, annual leave and insurance protection.
